California Department of Education School Accountability Report Card Reported Using Data from the 2015-16 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians, and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Scott Valley Community Day School is located in Quartz Valley and is part of Scott Valley Unified School District's Alternative Education Program. The school was designed for expelled students but typically the school district does not have expelled youth. Hence, the school district uses the community day school for small learning environment instruction and behavior modification. A student who has poor behavior, attendance, achievement or lack of motivation will be able to learn new skills to help them deal with everyday life at school.

The population of the school is always small and the students get one-on-one help from a full time paraprofessional and a certified school teacher. The students are often on educational and/or behavioral plans so they can work towards being enrolled in one of the district's traditional schools.

The goal for the school is to help the students to become a productive student and citizen.

School Facility Conditions and Planned Improvements

Scott Valley Community Day School provides a safe, clean, and supportive environment for students, staff, and volunteers. Staff members ensure classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by Scott Valley Unified School District to ensure that all classrooms and facilities are maintained.

Safety of students and staff is a primary concern of Scott Valley Community Day School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students

| Subject | Percent of Students Meeting or Exceeding the State Standards | | | | | |
|--|--|---------|----------|---------|---------|---------|
| | School | | District | | State | |
| | 2014-15 | 2015-16 | 2014-15 | 2015-16 | 2014-15 | 2015-16 |

| Mathematics (grades 3-8 and 11) | -- | -- | 42.0% | 46.0% | 34.0% | 36.0% |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

| Foster Youth | -- | -- | -- | -- |

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Safety Plan (School Year 2016-17)

Scott Valley Community Day School provides a safe, clean, and supportive environment for students, staff, and volunteers. Staff members ensure classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by Scott Valley Unified School District to ensure that all classrooms and facilities are maintained.

Safety of students and staff is a primary concern of Scott Valley Community Day School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year.

Professional Development

Professional development is an ongoing focus at the school; teachers continue to learn and improve, just as students do. Staff members build teaching skills by participating in conferences, courses, and workshops throughout the year and then sharing their experiences and knowledge with their colleagues. The district offers three staff development days. Professional development topics include:

- District articulation between curriculums
- Intervention strategies

- Health
- California Common Core Standards teaching strategies in English, Math, and Literacy in History/Social Studies, Science, and Technical Subjects
